ABOUT ME

Full Stack Developer with 3+ years of experience in web development. Proficient in React, Next.js, Laravel, and TypeScript. Skilled in writing clean code, optimizing performance, and integrating APIs. Experienced in building user-friendly web applications and solving technical challenges. Works well in teams or independently, both remotely and in-office. Passionate about learning new technologies and improving development processes.

WORK EXPERIENCE

- **Re:Soft (Remote, Full-Time)** Apr 2022 - Present
Full-Stack Developer **Tbilisi, Georgia**
 - Collaborating with cross-functional teams to develop and deploy full-stack responsive web applications using React, Next, and Laravel
 - Developed and maintained web apps using React, Next.js, and Laravel to create fast and user-friendly interfaces
 - Use Git for version control and collaborating with team members
 - Use Clickup / Linear to manage tasks and track progress
- **Alliance Group (Remote, Part-Time)** Jan 2023 - Present
